

## Ferns At Rhodes' 2011

**adiantum pedatum** *northern maidenhair fern*,  
large chartreuse leaflets on wirey black stems

**athyrium "Ghost"** , lovely silver fronds adorn  
this ghostly fern

**athyrium "Ocean's Fury"** Highly silvered  
painted fern, upright and crested

**athyrium filix-femina "Victorieae"**, criss-  
crossed small fronds make up the large fronds  
on this unusual lady fern, 12-18"

**dryopteris "Cristata"** very elegant shield fern  
with drooping tassles at the ends of its fronds

**dryopteris l. "Golden Mist"** wood fern displays  
unique shade of gold new foliage, mature  
fronds are glossy, dark green
